

Thank you for opposing radio monopolies!

I am writing to you today to say Thank you for your decision to retain radio station ownership limitations.

Today's media market has been ruined by the huge, dominant companies in the broadcast industry like Clear Channel.

I've been in Radio Broadcasting for over 24 years and am greatly saddened to see the loss of jobs, the loss of diversity and the loss of ideas that have resulted in Mega-Companies owning most of the stations in a market.

Thank you

Julia Westland
